CARDINAL CUSTOM

Steel Steps & Benches

Cardinal's steel steps, benches, and entryways create an attractive and durable foundation for any dream pool.

No matter the vision, Cardinal stands ready with the most advanced manufacturing technology, design software, and handcrafted precision to ensure an accurately finished product, every time. All items are manufactured with **14-gauge steel** for unmatched durability, and every new model is thoughtfully designed to ensure a “perfect-fit” when installed on-site.

Cardinal offers custom solid steel designs, Modular Step Systems, Open Pour, and Drop-In Step options, as well as a fully accessible Step Finder Library to explore models. Quite simply, Cardinal steel steps and benches are unmatched **for performance, function, and elegance.**

OPTIONS FOR *Any Pool*

Solid Steel Steps

Cardinal's Solid Steps can be manufactured in 42" or 48" heights, in essentially any shape. Custom steps, benches, lounges, and sundecks are our specialty, and can be designed to suit the needs of any pool build.

Open Pour Steps

We want **YOU** to have the flexibility to decide what is best for your Customer. Keep your options open and affordable with an Open Pour step, bench, or sundeck solution. Every step created by Cardinal is available as Open Pour, with step-by-step instructions for simple assembly on-site.

Drop-In Steps

Ideal for pool renovations, Drop-Ins can be easily added to any new or existing pool projects.

Modular Step

Knowing each pool is unique to its landscape and Customer, the Modular Step allows for an extended entryway to fit essentially any pool width. Customers choose a left, right, and appropriate quantity of middle sections to create an extended step module to fit the pool's specifications.

Cardinal Step Finder

Customization is the Cardinal way, and our steps are no exception. Search our current selection of steel step kits and explore the potential options for your Customers.
